Professional Accountant.

Succeed in any industry,
anywhere in the world.

Create impact

“I was curious about how I could leverage my technical CPA skill set and be directly involved with impact initiatives related to sustainability and social justice. Everything I’ve trained for as a CPA, including analytical skills, interpersonal skills, reporting, and audit, is relevant, so working in ESG (Environmental, Social and Governance) has been a wonderful way to combine my different passions and skills.”

— **Jocelyn Li**, CPA
KPMG Canada

What is a CPA?

CPAs are trusted leaders, highly skilled professionals, respected experts, and so much more!

Chartered Professional Accountants (CPAs) are trusted business leaders and advisors. They offer a strong set of accounting and managerial skills required for today’s complex and evolving environment. Globally recognized and respected, CPAs bring their education, expertise, and high ethical standards to innovate and change business and society.

Why become a CPA?

- ✓ **Be in demand** CPAs are always in demand. Enjoy a secure and fulfilling career that will help you achieve your personal and career goals.
- ✓ **Grow your earning potential** Your earning potential grows with your experience. The median annual salary for CPAs in BC is approximately \$131,000.
- ✓ **Advance your career** Expand your career portfolio by working in various roles and industries and grow into senior executive roles. Or live your entrepreneurial dreams and become your own boss.
- ✓ **Make a difference** Align your passion and the core values of a CPA to make a positive impact in the world you live in.

Education

Complete the CPA Program (~24 months, 6 modules).

Core 1 & 2

Six integrated core competency areas:

- | | |
|---------------------------|-----------------------|
| 1 Financial Reporting | 4 Audit and Assurance |
| 2 Strategy and Governance | 5 Finance |
| 3 Management Accounting | 6 Taxation |

Elective 1 & 2

Choose any two modules:

- Assurance*
- Tax*
- Finance
- Performance Management

*Public accounting candidates must take assurance and tax as their electives.

Capstone 1 - Integrative Module

- Leadership Skills
- Professional Skills
- Integration of Competencies

Capstone 2 - Exam Preparation

- Develops case writing skills
- Helps prepare candidates for the CFE

Examination

Pass the three-day in-person Common Final Examination (CFE).

Experience

Gain relevant accounting and finance work experience (~30 months), which can be any combination of full-time, part-time, or co-op experience. Up to 12 months of previous relevant work experience may be counted towards the 30-month requirement.

Earn while you learn

Education and experience can happen at the same time!

The CPA Program is an earn while you learn program, where candidates work full-time and study part-time, simultaneously. Estimated time to complete the program is approximately 30 months (2.5 years). However, candidates have a time limit of six years to complete the program, with an extra year to complete any outstanding experience.
